**Eight athletes of the German Snowboard Association are part of the Top Team Pyeongchang and have best chances to qualify for the Winter Olympic Games 2018 in Southern Korea. As Official Supplier of Snowboard Germany, Reichmann Ski & Board Tuning provides the Snowboard Association with the race machine PROFI S350 for a perfect race preparation. This way, the athletes benefit from best prerequisites for the upcoming qualifying races.**

From February 9 – 25 the Olympic Winter Games 2018 take place in Pyeongchang. The German Snowboard Association this summer already set up a core team of most promising athletes. Eight snowboarders are part of the Top Team Pyeongchang and can qualify for the pursuit of medals in Southern Korea the following weeks.

### **Perfect race preparation with Reichmann race machine PROFI S350**

Reichmann Ski & Board Tuning is partner and „Official Supplier“ of Snowboard Germany since 10 years. To ensure the perfect race preparation, Reichmann provides the Snowboard National Team with the race machine PROFI S350. This machine has been developed in cooperation with race departments of different ski manufacturers, world-cup specialists and Snowboard Associations to enable professional race service. It creates most accurate race structures adapted to the ski or snowboard type as well as the snow conditions. Winter sportspeople thus benefit from best driving experiences.

### **Qualification at Big Air World Cup in Mönchengladbach**

The next occasion to collect qualification points is the Big Air World Cup in Mönchengladbach on 2 December. In the freestyle discipline „Big Air“ the step height, style, difficulty and performance of the tricks as well as the landing are rated. If the athletes achieve good results, the first tickets

for Pyeongchang can already be validated in Mönchengladbach. Stefan Knirsch, managing director of Snowboard Germany, emphasized at the season press conference, that the Top Team athletes have good chances for an Olympia participation. The final decisions, which athletes are qualified for the Winter Olympic Games are taken on 22 January 2018.
